

The Allure Group

We know that many of you are concerned about the spread of COVID-19 (the new coronavirus). Ensuring our residents are cared for in a safe and healthy environment is our first priority.

We want to reassure you that we DO NOT have any cases of COVID-19 within The Allure Group facility network.

In accordance with the most recent CMS guidance and to further ensure the safety of our residents and staff, **effective Thursday (3/12), we will be restricting visitor access to our facilities.** We understand that certain situations may warrant an exception to this rule and we will do whatever we can to accommodate such exceptions without jeopardizing the health and safety of yourself and others. Please continue to check our website for updates. You may also contact the specific facility directly.

We have an open line of communication with the CDC and the Department of Health. Both organizations are aware and in agreement with our current facility specific policies and procedures.

If you have any further questions or concerns regarding COVID-19 or want information about prevention, please visit the websites of the CDC or [NYC Department of Health](#) for updates. As we all remain hypervigilant, it is important to remember that we can all play a role in helping to stop the spread of this virus.
